

# TURING AI Agent — PDF Test

This is a sample PDF for testing the TURING document reader.

TURING is a pure-Python AI agent that uses tools for tasks such as calculation, weather, time, and persistent memory.

Page 1 contains this text. The document reader should extract it successfully.

**Page 2 — If your reader works, this text should also be extracted.**

PDF extraction test: Robotics, Python, C++, ROS 2, computer vision, and machine learning.
